EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the TITLE:

The words "AND APPARATUS" have been deleted.

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to so perform a process for manufacturing a detergent bar as claimed, further comprising molding the bar with distinct zones wherein at least a first component comprises at least 5% by weight, and further, wherein the nozzle means is inserted inside the mold and is withdrawn during injection molding as set forth in claim 1; and further, wherein a relative rotary continuous rotation and/or oscillatory motion is effected between the nozzle means and mold during at least a part of the injection molding step as set forth in claim 15; or further, wherein the injection rate of the components is varied during the injection step as set forth in claim 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
